

MUSIC CUE # 23 *The Head You Lose May Be Your Own*

*(The music begins with a **Dragon Growl**. Everyone screams and huddles center stage.)*

Lark: What is that?

Houston: It doesn't sound very friendly.

Beryl: Let's all just take a deep breath and slowly back away...

Beryl: What was that sound? Was it a growl from a two-headed monster
Or a troll or an owl?
Does it sound like a creature getting ready to pounce?
Or should we be afraid of something we can't pronounce?

All: Don't scream! Don't cry! Don't shake a bone!
Or the head you lose may be your own!
